‘MINE, BABY, MINE’

BUT CAN WE MINE OUR WAY OUT OF OUR CRISES?

Rodrigue Turgeon
in conversation with
Alain Deneault

Hear a critical take on mining as the cure-all solution to various crises of our times.

- What are the downsides of more mining?
- Who benefits from mining? Who loses?
- How can communities push back against proposed mining projects?
- Are there other solutions to today’s most pressing problems that are worthy of more exploration and support?
